Visitor Arrangements

Employees at Waterside Mall who expect the arrival of visitors on weekends, holidays or after 4:40 p.m. weekdays, should make advance arrangements with the EPA General Services Branch. This may be accomplished by dialing 382-2010 between the hours of 7:30 a.m. and 4:30 p.m. Monday thru Friday.

Warning

The EPA Telephone System is to be used for Official Government Business only. Any other use of the system is prohibited by law (43 Comp. Gen. 163) and could result in suspension or dismissal. Title 41 CFR 101-37. 105-4 also prohibits the use of Government Property for other than officially approved activities. The removal of any telephone equipment from EPA premises may result in arrest and prosecution for theft.

To Telephone Directory Users:

The Environmental Protection Agency's compendium of telephone information, our Headquarters Telephone Directory, is issued for the use of all Agency employees and contractors as well as other Federal offices. Limited copies are available to the general public (Distribution, 382-2118). We put great emphasis on accuracy, and welcome comments or corrections which might help meet this objective.

We would like to express appreciation to our administrative contacts who have updated this information quickly and accurately. The Alphabetical Directory is printed from the locator file which is maintained by Glenna Bennett (PM-215). Changes in employment, telephone number, room number, or mail code should be reported to Glenna using the Green Express Locator Change Form available from your Administrative Officer or from the Telecommunications Section, Room MG100A.

Rick Tredinnick, the lead editor of the last four books, is leaving our support staff with completion of this directory. His contribution to the production of these directories would be difficult to overestimate, and he has set a standard of quality which has received recognition throughout government. Thank you, Rick.

We welcome Angela Gillespie (382-2626, PM-215) to the lead editor position. Angela captured the view of Dennis Cove on the Watauga River in Hampton, Tennessee, which appears on this cover.

Major assistance on directory preparation has also been provided by Glenna Bennett and Sandi Betts for text compilation, and Peggy Munsey, Nancy Larson, and Sally Dinkins for graphics.

Our next directory is planned for February, 1986.

Alice Fitzgerald

How To Use Your Telephone

Dialing Procedures

- **Use Of Telephones For Personal Business**

  Unofficial use of any government telephone service by employees is prohibited by regulation 41 CFR 101-37.105-4. Only in cases of personal emergency can exceptions be made.

- **Interoffice Calls**

  Calls between headquarters telephones are made by dialing the complete seven-digit number. Do not dial "9" first. All local dial-9 calls produce a message unit charge to EPA and should be avoided.

- **Local Calls to Government Agencies**

  Some government agencies may be reached by dialing the seven-digit number. If the call is not completed then dial "9" and the entire seven-digit number.

- **Local Non-Government Calls**

  Dial "9" and the seven-digit number. These calls produce a message unit charge and are billed to the agency. All local calls should be for official business only.

- **Pay Phones**

  Telephone lines in government agencies are restricted by law from reaching the commercial operator. Should employees require access to the local operator, several pay phones are located throughout Waterside Mall. Pay phones can be found at the following locations:

  - 3100 Corridor of the Mall
  - 3700 Corridor of the Mall
  - The EPA Library (M2904)
  - Mall level (next to Safeway)

BEST COPY AVAILABLE

- **FTS Dialing Procedures**

  The Federal Telecommunications System (FTS) is the long distance voice network for the Federal Government. FTS is managed and operated by the Office of Information Resources Management of the U.S. General Services Administration. Official long distance calls may be placed to every government agency and commercial number in the United States, including Puerto Rico and the Virgin Islands.

  - Calls may be placed through the FTS network in the following manner. When placing a call to:

    another FTS number- dial 8 + the seven-digit number (on-net)

    a commercial number- 8 + area code + the seven-digit number (off-net)

  - Employees should be reminded that all long distance calls should be for official business only. Personal long distance calls are prohibited by USC 1348(b) and could result in suspension or dismissal.

- **Official Calls While Traveling**

  - Authorization codes and the FTS operator system were eliminated by GSA in order to minimize costs. Consequently, off-net FTS calls may no longer be placed from a commercial phone.

  - Official calls should be placed from an FTS number whenever possible. If commercial service must be used, select the most economical rate for the service required. For example, a short direct dial call may be used to set up a return FTS call.

  - If justifed, customer calling cards may be issued to assure adequate long distance access from locations not serviced by FTS. Direct questions concerning official travel policy to the Headquarters National Operations Desk: request Bettie Botts at 382-2077.

- **Calls to Alaska, Hawaii, Puerto Rico and the Virgin Islands**

  Official FTS calls are made by direct dialing. Follow the same procedures used with all FTS (dial-8) calls.

- **International Dialing**

  International Access

  Calls may be placed to international locations only on special unrestricted lines.

  - If your official duties require frequent international calling, a telephone line may be unrestricted. Please request that your Administrative Officer (AO) submit appropriate justification to the EPA telecommunications staff.

BEST COPY AVAILABLE

- For occasional international calls, consult your supervisor or AO for an unrestricted line in your area. In addition, several unrestricted lines are available in the Communications Center, room MG100B (382-2078).

Direct Dialing

International calls should be dialed direct whenever possible. Unrestricted telephone lines may be used to place direct dial international calls by dialing:

9 + 011 + country code + city code + local number

NOTE: See page 200 for International Country Code Listing.

Calls to Mexico

Calls to Mexico are now placed in the same manner as other international calls. Mexico may be dialed directly as follows:

9 + 011 + 52 + city code + local number

Exceptions

Some countries cannot be dialed directly from the FTS network.

Soviet Union and China

These countries, in addition to a few others, require special access lines. If calls to these countries are necessary to conduct official business, please submit EPA form 5020-1 to the Telecommunications Manager (382-2075).

Calls to Canada

Calls to Canada must currently be placed through the International Operator. Canada may be reached by dialing:

9 + 01 + area code + local number

An operator will come on the line in order to place an operator-assisted call.

International Information and Assistance

International country and city codes as well as rate information may be obtained by dialing AT&T International Information Service toll free on 9-800-874-4000.

BEST COPY AVAILABLE

Service Procedures and Information

- **Telephone Publications**

  Selected publications are located in Room MG100A. Call 382-2075 for information about:

  - EPA Headquarters Directory
  - FTS Users' Guide
  - Teleconference Guide

- **Telephone Training**

  If you or your organization need training to use the telephone system, FTS, or teleconferencing facilities, call 382-2075 to arrange for assistance by a telecommunications specialist.

- **Directory and Locator Updating**

  - It is the responsibility of all personnel to notify their Administrative Officer of any additions, deletions or changes to the locator.

  - The locator information is maintained on a computer system at headquarters and is updated daily. To implement changes, have your Administrative Officer (AO) complete the Green Express Locator Change Form and have the AO forward it to Communications Branch, PM-215, Room MG100A.

  - If you have any questions concerning locator updates, call 475-6778.

- **Requests for Telephone Equipment**

  Employees should arrange for telephone service through their Administrative Officer (AO). The AO will complete EPA form 5020-1 to initiate or modify service. Employees should promptly inform their AO of equipment or services which are no longer needed.

- **Relocation of Telephone Equipment**

  Under no circumstances should employees relocate telephone instruments. All telephone service should be initiated by the Administrative Officer (AO). The AO will contact an authorized technician in order to provide the desired service.

- **Repairing Telephones**

  All repairs must be reported to EPA Telephone Repair at 382-2267. Under no circumstances should the commercial repair operator be contacted as this can result in unnecessary repair charges. Each organization will be held responsible for expenses incurred by calling the commercial repair operator.

BEST COPY AVAILABLE

- **Removal of Telephone Equipment**

  All telephone equipment is owned or leased by EPA. The removal of any telephone equipment from EPA premises will be considered stealing, which may result in arrest and prosecution for theft.

- **Billing Procedure**

  In order to provide a more equitable distribution of costs to each agency, GSA has implemented a new billing system for FTS usage. Beginning with the first quarter of FY 1985, costs have been determined on a time and distance sensitive basis. FTS calls are no longer computed on a flat rate (per minute usage charge) but instead are based on the following:

  1) The time a call is made (day, evening, night)
  2) The duration of the phone call (in minutes)
  3) The distance of transmission (in miles)

  These changes have made the FTS billing procedure similar to that for commercial phone bills.

- **Telephone Cost Control**

  EPA has installed a computerized telephone accountability system. This system captures usage call data every month, the same type of information you receive monthly from the telephone company. Every month a telephone bill is distributed to each organization to ensure that all calls are for official purposes.

- **Control of FTS Usage**

  All employees and their supervisors are personally responsible for control of all telephone usage.

  FTS stands for Federal Telecommunications System, not "Free Telephone Service".

  - Long distance calls should be made only when they are advantageous to the government and when they are for official purposes.

  - Long distance calls are not "free" after normal working hours and GSA will charge EPA for all long distance calls made after hours.

  - Personal long distance calls (all calls not for official purposes) are never free. These calls are prohibited by 31 USC 1348(b) and could result in suspension or dismissal.

  FTS is a station-to-station dial system. If you call a number and it is answered then EPA is charged for the call, even though the party with whom you wish to speak is not available. If the party is not in, try to conduct your business with someone else whenever possible.

BEST COPY AVAILABLE

Telephone Features—Headquarters

- **Call Transfer**

  You may transfer a call from one telephone station to another station within the Centrex System.

  - This feature is activated by depressing the switchhook once. A recall dial tone (three short tones followed by a steady dial tone) will be heard.

  - Dial the number to which the call will be transferred, and then either: (a) hang up after one ring--the call is automatically transferred; or (b) wait until someone answers, announce the caller, and then hang up.

- **Consultation Hold**

  You may consult with a third party during an existing call.

  - To do so, depress the switchhook once, as in call transfer. Three short tones followed by a steady dial tone will be heard. Dial the other station and speak with that person while the original caller remains in a "hold" condition.

  - Once the consultation is over, wait for the third party to hang up. To reestablish communication with the original caller, depress the switchhook twice. If you receive a busy tone, no answer, or make a dialing error when calling the third party, you may drop the connection and return to the original caller by depressing the switchhook twice.

- **Conference Calls - 3 Parties**

  To establish a three party conference call:

  1. Call the first party
  2. Depress the switchhook once; wait for the recall dial tone
  3. Dial the second party
  4. Depress the switchhook once
  5. All three parties are now in conference.

BEST COPY AVAILABLE

- **Call Forwarding Options**

  Another available feature is call forwarding, the ability to transfer calls to another station automatically. This may be accomplished in two ways:

  - Call Forwarding Busy or No Answer: This feature automatically routes calls to a preselected station when the called station is busy or no one answers after three rings.

    A telephone service order must be issued by the EPA Telecommunications Section to change the station to which calls will be forwarded. Your Administrative Officer should complete EPA form 5020-1 to initiate or modify service.

  - Call Forwarding Variable: This feature is generally available for secretarial stations. It is controlled by the user and will route incoming calls to a selected telephone number.

    This feature is available only on a limited basis and must be specially ordered by the EPA Telecommunications Section.

Teleconferencing Capabilities and Service

- **Services Available**

  The EPA Communications Branch offers three types of teleconferencing service to EPA employees: use of the teleconference bridge, the conference room, and several portable conferencing units. The conference room and conferencing units are for use by headquarters employees, while the bridge may be utilized by all EPA employees, regardless of location. All scheduling of teleconference services is handled on a first come, first serve basis.

- **EPA Teleconference Bridge**

  The audio teleconferencing bridge is a state-of-the-art electronic device which allows communication by telephone from four or more locations. The EPA bridge can accommodate up to 48 participants or can be used to conduct several smaller conferences simultaneously. The conference bridge is available:

  - for official business
  - to any EPA employee nationwide including Puerto Rico and the Virgin Islands
  - from any telephone, although touch-tone is needed to control bridge software features
  - from 8:00 to 5:30 EST/EDT Monday through Friday; other times by special arrangement

  To schedule the teleconference bridge, dial FTS 382-CONF (382-2663) at least 24 hours in advance.

BEST COPY AVAILABLE

- **Conference Room**

  At Headquarters, a special conferencing facility is located in Room 3307 of the Waterside Mall. Since the room has been acoustically treated and has been equipped with a high quality audio conferencing unit, it provides an excellent teleconferencing environment. The room has been set aside exclusively for teleconferencing and may be reserved by calling 382-CONF (382-2663) at least 24 hours in advance.

- **Portable Conferencing Units**

  Several conferencing units (enhanced speakerphones) that can accomodate up to 30 people are reserved for portable applications. The equipment may be installed in any room which has a telephone line and an electrical outlet. If a conference unit is needed on a temporary basis, a unit may be reserved by calling 382-CONF (382-2663) at least 48 hours in advance. A communications technician will install the unit as well as remove it after the conference call has been completed.

- **Commercial Conference Calls**

  The 48-port system should satisfy any EPA teleconferencing need. Should this be inadequate, however, special authorization may be given to use conference facilities provided by 1) GSA; 2) AT&T; or 3) Bell Atlantic (formerly C&P). Since they are very expensive, these outside services are not used unless deemed highly essential. Approval to use commercial teleconferencing facilities may be granted by the EPA Telecommunications Manager (382-2075).

Locator Updates

The EPA Locator is maintained on the Facilities and Support Services Prime 2250 Computer. Changes, additions, and deletions to the locator data base are processed daily by the Communications Branch (Telecommunications Section) in Room MG100A.

The data base is constantly used by the personnel locator, the EPA mail room, and the guard service. Inaccurate and unreported locator information can result in wrong telephone numbers, mis-routed mail, and confused guests. Our objective is to maintain the most accurate and current locator information and to attain this goal, we need the help of every employee and supervisor.

Any changes to the locator should be submitted by your Administrative Officer on the Green Express Locator Change Form. Please forward the change forms to the Communications Branch in Room MG100A, PM-215.

Safety

Take Time for Safety

There are no demands so urgent that we cannot take the time to do our jobs safely.

Office Safety

Safety in the office doesn't just happen. It's the result of everyone's effort.

Personal Protection Equipment

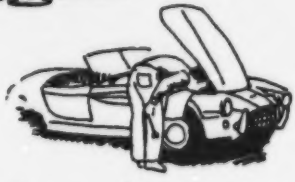
Protect the only body you'll ever have. Use your personal protective equipment.

Laboratory Safety

Lab safety means taking special precautions at all times when working in the laboratory.

Vehicle Safety

Drive your vehicle as if your life depends on it . . . it does!



Fire Safety

Fire is a tragic word; good common sense can help prevent it.

Get Involved

You can do a lot to make the working environment safe and healthful . . . get involved.

If you have any questions about or suggestions for improving the agency's occupational health and safety programs, please contact the occupational health and safety designee at your reporting unit or call the headquarters office at FTS 382-3640 - Room 3503 Waterside Mall.

EPA Headquarters Mail Information

General Information

The EPA mail facilities are to be used for official business only. Any misuse of Government mail may result in prosecution under 18 U.S.C., Section 17.19.

Location	Room	Mail Code	Number
Waterside Mall	MG100E	PM-215	382-2132
Fairchild Building	5th Floor	PM-215	382-2175
Crystal Mall 2	822	PM-215	557-8273

Always insist that incoming mail include the correct EPA mail code. In addition, please ensure that an EPA mail code is part of the return address on all outgoing mail. Any change in mail code or delivery location must be approved by the EPA Mail Manager (PM-215). Assistance, training, and additional information can be obtained by calling the Headquarters mail room on 382-2132.

Mail Services Offered

- Standard Mail Classes--United States Postal Service (USPS)

  EPA posts regular First Class, Third Class, Book Rate, Parcel Post, Certified, Registered, and International Mail. Express Mail Services are also available:

  - Custom Designed Express Mail (Pouch): This is an overnight delivery service to all 10 of the EPA Regional Offices, plus Cincinnati, Ohio, and RTP, North Carolina. This mail must be completely addressed and specially marked as "Pouch". Large items are allowed only with prior approval. All Custom Designed Mail should be delivered to the Waterside Mall mail room in MG100E no later than 3:30 pm.

  - Express Mail: This provides next day delivery by 4:00 pm to most domestic U.S. locations. Please consult the mail room in advance for Express Mail service, standards, and supplies.

- United Parcel Service (UPS)

  UPS is available for the shipping of packages and boxes.

Government mail is not free and controlling mail costs is the responsibility of every employee.

- Use the smallest size envelope possible
- Write or stamp envelopes with the appropriate postal class (e.g. First Class, Third Class, Book Rate)
- Use Third Class for mail over four ounces, when possible
- Use complete address (include Zip Code) to assure prompt delivery

Facsimile Directory

The Communications Center at EPA Headquarters is located in Room MG100B of Waterside Mall. It is open from 8:00 to 5:30 daily--all messages received before 4:00 pm normally will be transmitted the same day. Headquarters and field locations have been furnished with new high speed equipment that offers improved quality and increased transmission speeds. For best results: use black ink on white paper and do not use green, red, or pencil as the equipment is unable to read these messages.

Priority letters, drawings, charts, forms, and photographs are particularly appropriate for facsimile communications. Please limit transmission to 25 pages or less, except in emergency situations.

Headquarters	Mackemie and K Streets, S.W.
Fairchild Building	499 South Capitol Street S.W.
Crystal Mall #2 loading dock	1921 Jefferson Davis Highway Arlington, VA

Although the EPA Shuttle Bus does not pick up passengers at L'Enfant Plaza, the EPA bus driver, upon request, will drop off passengers at the L'Enfant Plaza Metrorail station which is located at the Department of Transportation (DOT). For EPA Shuttle Bus Information, please call 382-2104.

However, under an interagency agreement with DOT, EPA card holders may ride the DOT Shuttle Bus. The DOT Shuttle Bus runs every 15 minutes Monday through Thursday according to the following schedule:

1. Leave EPA HQ (N.E. corner of 4th and I Street, S.W.) 6:50 a.m. to 5:50 p.m.
   Arrive DOT HQ (North side of School Street at 6th, S.W.) 6:52 a.m. to 5:52 p.m.

2. Leave DOT HQ (South side of D at 6th Street, S.W.) 6:51 a.m. to 6:06 p.m.
   Arrive EPA HQ (N.W. corner of 4th and I Streets, S.W.) 6:53 a.m. to 6:08 p.m.
